## Connecting the Truth to our Lives:

- 1) Which of these Kingdom characteristics (in Nehemiah's life) do I sense the Lord wanting to grow in me – so that I can more fully join Him in the transformation work that He has for me?
  
- 2) What could I do now to allow God to develop this Kingdom characteristic in me?

### Suggestions:

- Allow someone from the prayer team to pray that God would give you a breakthrough experience in this area of your life.
  
- Go back to that part of the Nehemiah story (where this characteristic is on display) and spend some time studying and praying your way through that part of the story – asking the Holy Spirit to show you what it means to follow in Nehemiah's footsteps.
  
- Go back and listen to that particular message (where this characteristic was unpacked) – and then appropriate into your life those next steps suggested at the end of that talk.
  
- Prayerfully begin to map out a very simple game-plan – asking God to show you one or two things you can do now to begin growing in this area of your life.
